

Change to Green Waste Charging Structure

From Monday 29th January 2007

Please note that from the 29th January 2007, a charge will be introduced at the Ballyogan Recycling Park for the acceptance of green wastes. Previously green wastes have not been charged and facility users have been able to deposit their wastes free of charge.

The charging structure is displayed below. For vehicles delivering other chargeable wastes no additional charges will apply whatsoever. The changes will apply to users delivering green waste only. In such cases Category 4 vehicles will be charged €5.00 per visit; Category 5 vehicles €25.00 per visit; and Category 6 vehicles €50.00 per visit.

<p><i>Category 1</i> Cars, MPVs, Estate Cars, People Carriers, Jeep / 4x4 Type vehicles, Taxis</p>		€20	<p>Any or all of the following; Wood, Bulky Items, General Waste, Soil, Stones and Household Construction & Demolition Waste <u>Plus</u> Green Garden Waste.</p>

These items accepted in front area of CRF

What happens to the Green Waste Accepted at Ballyogan?

All green waste accepted at the Ballyogan Facility is fully recycled and is consigned directly to a fully authorised composting facility where high quality compost is produced for reuse by commercial landscapers. Much of the material deposited at Ballyogan during 2006 has been reused in the form of soil improvers and conditioners within the local area by contractors employed by Dun Laoghaire Rathdown Parks Department.

The only material which is not composted as part of our programme is contamination within the green waste such as plastic bags, metal, and other wastes. Please help us to ensure that as much material as possible is recycled by placing only compostable waste in the containers.

Acceptable Materials	Û Grass
	Û Leaves
	Û Branches
	Û Straw
	Û Plant Cuttings

Unacceptable Materials	Û Food waste
	Û Treated timber/wood
	Û Plastic Bags
	Û Metal
	Û Hazardous wastes

- *If you are unsure what to place in the green waste container please ask our staff for assistance*
- *Please recycle your plastic bags as well by placing in the wheelie bins next to the green waste containers*

Don't forget that you can minimise the amount of Green Waste you bring to the BRP by home composting. Compost bins are available at the recycling centre.
