Permit Register Reference Number WCP-CK-10-0771-03

Cork County Council being a nominated authority under Section 34(1)(aa) of the Waste Management Acts 1996 to 2010, having carried out a review of Waste Collection Permit CK WMC 323/05, has [by Director's Order Ref. No. 23/11A] granted a waste collection permit to:

Greenstar Recycling (Munster) Ltd. T/A Greenstar

Herein after called the permit holder of:

Unit 6 Ballyogan Business Park, Ballyogan Road, Sandyford, Dublin 18

This permit is effective from 26/1/11 and valid until 25/1/16 after which the permit shall expire.

The permit holder may appeal the decision of Cork County Council to grant this waste collection permit, in accordance with Section 34(9)(a) of the waste Management Acts 1996 to 2010, to the judge of the Cork District Court, being the District court in which the principal offices of Cork County Council is situate, within one month of the date of this permit.

Cork County Council may at any time review, and subsequently amend the conditions under Section 34(6) of the Waste Management Acts 1996 to 2010 and the Local Authority will give notice in writing of such intention to the permit holder. Otherwise an application for a review shall be made at least 60 days prior to the expiry date of this permit to the waste section, Environment Department, cork County Council, inniscarra, Co. Cork. This permit may be revoked under Article 29 of the Waste Management (Collection Permit) Regulations, 2007 and Waste Management (Collection Permit) (Amendment) Regulations, 2008.

The Permit Holder, subject to the attached schedule of conditions, is authorised by this permit to collect specified waste type(s) specified in appendix A within the local authority areas specified in Appendix D, and to transfer waste to the facilities outlined in appendix B, using vehicle(s) specified in appendix C.

Signed:

Senior executive engineer.

Jean Sayers

26/01/2011

REASON FOR THE DECISION

Cork County Council is satisfied, on the basis of the information made available by the applicant, that subject to compliance with the conditions of this permit, the activity will not cause environmental pollution and the grant of this permit is consistent with the objectives of the Cork City Council and Cork County Council Waste Management Plans for the Cork Region and all other relevant Waste Management Plans applicable to the local authority areas listed in Appendix D and the current National Hazardous Waste Management Plan.

INTERPRETATION

Unless otherwise specified, all terms in this permit should be interpreted in accordance with the definitions in the Waste Management Acts 1996 to 2008 (the Act), and its associated regulations (as may be amended or replaced from time to time) or as defined in this permit.

References to any enactment, statutory instrument (including any bye-law), each as defined by the Interpretation Act 2005, or a regulation, directive or decision of a European Union institution in this permit shall include amendments and replacements.

INSTRUCTIONS

Sections 1 – 5 of this collection permit sets out for the permit holder general conditions relating to the collection of waste.

Section 6 of this collection permit sets out for the permit holder general conditions for the collection of specific waste streams. All conditions set out in this section are to be complied with.

CONDITIONS

1. SCOPE OF PERMIT

- 1.1 The permit holder is authorised to collect only the wastes specified in condition 1.3 in the local authority areas specified in Appendix D.
- 1.2 The permit shall be read in conjunction with such bye-laws for the time being in force as referred to in condition 2.6 of this Permit.
- 1.3 The permit holder shall only collect such wastes which are listed in Appendix A of this permit or such later revision to the said appendix as Cork County Council may issue by way of revised Appendix A.
- 1.4 The permit holder shall give notice in writing to Cork County Council of any proposed changes in the waste collection activity in advance of any such change coming into effect. The permit holder shall obtain the written agreement of Cork County Council before implementing any such change.
- 1.5 This permit and any condition imposed therein shall not relieve the permit holder of any statutory obligations.
- 1.6 Any non-compliance with the conditions of this permit is an offence under the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 and Section 34(1) of the Waste Management Act, 1996 to 2010..
- 1.7 This permit is non-transferable.

2.0 MANAGEMENT OF THE WASTE COLLECTION ACTIVITY

- 2.1 Without prejudice to its obligations under this permit, the permit holder shall at all times ensure that it carries on its waste collection activities in a manner that is consistent with the objectives of the of the Cork City Council and Cork County Council Waste Management Plans for the Cork Region (as may be varied or replaced from time to time) and all other relevant waste management plans (as may be varied or replaced from time to time) and with the objectives of the current National Hazardous Waste Management Plan.
- 2.2 The permit holder shall ensure that where waste collected under this permit is transferred to a facility for the purpose of a recovery or disposal activity
- (a) There is in force a waste licence, facility permit, certificate of registration or IPPC licence in relation to the carrying on of the activity concerned at that facility; unless such activities are exempted from regulation under the Waste Management Acts 1996 to 2010.
 - (b) that planning permission, or a certificate of exemption from such permission, is in place for such a facility.
- 2.3 The permit holder may not transfer waste to a facility under condition 2. 2 of this permit unless the waste activity at that facility is authorised under:
- (a) section 39(1) of the Act, in the case of a facility subject to licensing, or
 - (b) section 82 of the Environmental Protection Agency Acts, 1992 to 2007, or
 - (c) article 4 of the Waste Management (Permit Regulations), 1998 in the case of an activity specified in Part I or Part II of the First Schedule of the said Regulations, or
 - (d) article 6 of the Waste Management (Facility Permit and Registration) Regulations, 2007 and the Waste Management (Facility Permit and Registration) (Amendment) Regulations, 2008, in the case of an activity specified in Part 1 and Part 11 of the Third Schedule or.
 - (e) article 7 of the Waste Management (Registration of Sewage Sludge Facility) Regulations 2010, or
 - (f) other facilities as agreed by Cork County Council
- 2.4 The permit holder shall only transfer waste to authorised facilities which are listed in Appendix B of this permit or such later revision of the said appendix as Cork County Council may issue.
- 2.5 Where the permit holder proposes to transfer waste to facilities other than those set out in Appendix B, the permit holder shall submit the following details in writing to Cork County Council for inclusion in Appendix B prior to transferring any waste to such facilities in accordance with condition 2.3 above:.

- (a) origin of waste material.
 - (b) description of waste including European Waste Catalogue (EWC) code.
 - (c) location, ownership details, and contact number of the authorised facility.
 - (d) waste permit or licence details of the authorised facility.
 - (e) written confirmation from the operator of the authorised facility that the said waste will be accepted there.
 - (f) planning permission reference number or a certificate of exemption from such permission for the facility.
- 2.6 The permit holder shall carry or cause to be carried at all times a copy of this permit including the latest revision of all appendices on each vehicle listed in Appendix C.
- 2.7 Where any local authority, for the purposes of the proper management of waste and the prevention and control of environmental pollution, has made bye-laws relating, inter alia, to the storage, presentation and/or segregation for the purpose of and in the course of the collection of waste or for the recovery or disposal of waste in accordance with Part 19 of the Local Government Act, 2001 (in substitution for Part VII of the Local Government, 1994) or in accordance with Section 35 of the Waste Management Act 1996 to 2010 (hereinafter referred to as 'bye-laws'), the permit holder shall not collect waste in the functional area of the said local authority unless it has been stored, presented and/or segregated in accordance with the requirement of the said bye-laws.
- 2.8 Where household or commercial waste has been segregated prior to collection, the permit holder shall ensure that this fraction is separately collected in its entirety, not remixed, and transferred to a suitable authorised facility as referred to in Condition 2.4 of this permit.
- 2.9 The permit holder shall identify all hazards associated with the waste being collected, and shall be familiar with best practice regarding its safe movement and handling and shall adopt all necessary, reasonable and practicable safety measures accordingly.
- 2.10 The permit holder shall have in place a documented Emergency Response Procedure (ERP), which shall address any emergency incident that may arise. This procedure shall provide for as a minimum, an emergency response unit, replacement vehicles and clean-up equipment in order to minimise the effects of the emergency on the environment. The permit holder shall maintain a copy of the ERP at the principal place of business of the permit holder.

- 2.11 The permit holder shall ensure that all operatives employed in the waste collection activity are familiar with and comprehend the conditions of this permit and the ERP.

(Refer to Template 1)

- 2.12 The permit holder shall clean up immediately any spillage of waste, which occurs in the course of the collection operation, in a manner, which will not cause environmental pollution. The permit holder shall carry an emergency spillage kit on each vehicle listed in Appendix C, of this permit or such later revision of the said appendix as Cork County Council may issue, at all times, to deal with minor spillages.
- 2.13 The permit holder shall not cause environmental pollution during the course of the waste collection activity to which this permit relates.
- 2.14 The permit holder shall include their permit number and name of issuing authority and the name of the legal entity to whom the permit has been issued in all of their promotional material dockets and correspondence issued by the permit holder in accordance with the permit.
- 2.15 The permit holder shall collect, transport, store, dispose of and/or recover waste in a manner so as to prevent pollution, contamination and deterioration of groundwater in accordance with Council Directive 80/68/EEC on the protection of groundwater against pollution caused by certain dangerous substances and Directive 2006/118/EC of the European Parliament and of the Council on the protection of groundwater against pollution and deterioration and also with Council Directive 2000/60/EC of the European Parliament and of the Council establishing a framework for community action in the field of water policy.
- 2.16 The permit holder shall ensure that where biowaste collected under the waste collection permit is transferred to a composting or biogas facility for the purpose of treatment and where animal by-products form all or part of that biowaste, that the facility has been approved in writing by the nominated authority for use by the permit holder and there is in force an appropriate veterinary authorisation issued by the Minister for Agriculture and Food in accordance with Article 10 (6) of the European Communities (Transmissible Spongiform Encephalopathies and Animal By- Products) Regulations 2006 (S.I. No. 612 of 2006).
- 2.17 The permit holder shall take steps to ensure that all or a specified proportion, of waste collected by the permit holder, or class or classes of such waste, is source-segregated, treated or recovered, in such manner so as to secure the objectives of the Cork City Council and Cork County Council Waste Management Plans for the Cork Region and all other relevant Waste Management Plans applicable to the local authority areas listed in Appendix D and all National and EU targets for the recovery, recycling and treatment of waste.

In particular the permit holder shall ensure that waste is:

- (a) where practicable and having regard to the waste hierarchy, delivered to facilities which reuse, recycle or recover waste.
 - (b) presented, collected, handled and transported in a form which enables the facilities to which the waste is delivered to comply with specific conditions contained in, as the case may be, the waste licence, IPPC licence, waste facility permit or certificate of registration in relation to performance targets established for the levels of recycling or recovery of waste.
- 2.18 The permit holder shall ensure that where waste that has been source segregated by the waste producer, it shall not be sent for disposal or collected, transported, mixed or handled so as to make it unsuitable for recycling or recovery by the permit holder.
- 2.19 The permit holder shall ensure at all times that waste collection activities are carried out in accordance with the provisions of Council Directive 75/442/EEC of 15 July 1975 on waste as amended by Council Directive 91/156/EEC of 18 March, 1991 and codified under Directive 2006/12/EC of the European Parliament and of the Council of 8 December 2003 and Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 as applicable.

3.0 Vehicles, Skips, Containers, Trailers and Receptacles

- 3.1 The permit holder shall only use the vehicles that have been notified in writing to Cork County Council and subsequently agreed, which are listed in Appendix C to this permit or such later revision of the said appendix as Cork County Council may issue, for the purposes of the activity to which this permit relates. Vehicles listed in Appendix C may not be included in any other waste collection permit at any one time other than a waste collection permit issued to the same legal entity in a different region.
- 3.2 The permit holder shall notify Cork County Council in advance of the type and identifying mark of any collection vehicle to be owned or hired/leased and used for the collection of waste under the terms of the permit, including particulars of the relevant vehicle registration document.
- 3.3 The permit holder shall notify Cork County Council of the type and identifying mark of any collection vehicle which is being hired/leased in on a temporary basis from a third party by the permit holder and used for the collection of waste under the terms of the permit, within 1 working day of the hire/lease of such a vehicle, including particulars of the relevant vehicle registration document.
- 3.4 All vehicles, skips, tankers, trailers or containers used by the permit holder for the purposes of the activity to which this permit relates, shall be fit for purpose.
- 3.5 All vehicles, skips, tankers, trailers or containers and receptacles used by the permit holder for purposes of the activity to which this permit relates shall be washed down as required in an appropriate manner and at an appropriate facility so as not to result in environmental pollution.
- 3.6 The permit holder shall ensure that each vehicle used for the purposes of the activity to which the permit relates and that is listed in Appendix C of this permit or such later revision of the said appendix as Cork County Council may issue, shall be marked with the following information in clearly legible indelible lettering at least 75 millimetres high:
 - (a) Name of the permit holder;
 - (b) Waste collection permit number.
- 3.7 The permit holder shall ensure that each skip, tanker, trailer or container used for the purposes to which this permit relates unless otherwise approved by Cork County Council in writing shall be marked on at least two sides with the following information in visible, legible and indelible lettering at least 75 millimetres high:

- (a) Name of the permit holder;
 - (b) Waste collection permit number.
 - (c) A unique identification number for the skip, tanker, trailer or container.
- 3.8 In regions where bag collections are permitted a permit holder shall ensure that all bags clearly identify:
- (a) name of the permit holder.
 - (b) waste collection permit number.
- 3.9 The permit holder shall ensure that all consignments of waste are appropriately covered during transit to prevent spillage, dust, litter or other nuisance.
- 3.10 The permit holder when using a skip or other such receptacle (including skip bags) for the purposes of the activity to which this permit relates shall provide the hirer, with a written agreement detailing:
- (a) the types of wastes, which may be placed in the skip as, listed in condition 1.3 of this permit
 - (b) that the skip will be removed as soon as practicable after it has been fully loaded unless otherwise agreed in writing with the Local Authority.
- 3.11 The permit holder shall ensure that skips and other such receptacles left in a public place (as defined in the Litter Pollution Acts 1997 and 2003) shall carry reflectors or lighting so that they are clearly visible during a period when vehicles are required to be lighted.
- 3.12 The permit holder shall notwithstanding the provisions of any bye-law made under section 72 of the Roads Act 1993 ensure that skips and other such receptacles (including skip bags) left on a public road shall be sited or deposited for no more than 3 days.
- 3.13 No skip, tanker, trailer or container used by the permit holder for the purposes of the activity to which this permit relates and which contains waste shall be left in a public place (as defined in the Litter Pollution Acts 1997 and 2003), other than where it is initially filled, unless it is on or attached to a mechanically propelled vehicle, which is in transit to an authorised facility listed in Appendix B of this permit or such later revision of the said appendix as Cork County Council may issue.
- 3.14 The permit holder shall ensure that all wheeled bins used for the collection of municipal waste shall comply with standard IS EN840 parts 1-6 unless otherwise agreed with Cork County Council.

- 3.15 All waste receptacles used for the collection of municipal waste (including separately collected fractions) shall be identified with the name, address and telephone number of the permit holder in clearly legible lettering and a unique customer reference number. The permit holder shall supply the name and address of a customer to whom a reference number applies on request. The permit holder shall submit written details of the identification system to Cork County Council for approval on request.
- 3.16 Where the permit holder provides segregated collections for different types of recyclable, compostable or recoverable materials, they shall provide waste recycling receptacles, which are designed for reuse (excluding regions where bag collections are permitted).

4.0 NOTIFICATION AND RECORD KEEPING

- 4.1 The permit holder shall notify Cork County Council in relation to any conviction for an offence prescribed under Article 21 of the Waste Management (Collection Permit) Regulations, 2007 and Waste Management (Collection Permit)(Amendment) Regulations, 2008 or any requirement of an order under the Waste Management Act 1996 to 2010, within 5 working days of such a conviction or the imposition of such a requirement.
- 4.2 The permit holder shall notify the relevant local authority (i.e. the local authority in whose area the incident occurs) immediately after the occurrence of any incident connected with the waste collection activity that caused or has the potential to cause environmental pollution or a threat to human health. The permit holder shall include as part of the notification the date, time, location and a full description of the incident. The permit holder shall also send a written record of the incident to Cork County Council within 1 week of the incident. This written record of the incident shall include the following information:
- (a) The date, time and location of the incident,
 - (b) A full description of the incident,
 - (c) Details of any measures taken to prevent or reduce environmental pollution or harm to human health which was caused or may be caused by the incident, and
 - (d) Details of steps taken to avoid recurrence of similar incidents.
- 4.3 The permit holder shall compile and maintain specified records for the collection of waste, for a period not less than 7 years, records shall include as a minimum the following:
- (a) European Waste Catalogue (EWC) code for each waste type and indicate whether or not the waste is hazardous.
 - (b) description of waste.
 - (c) quantity (in units of tonnes or litres) of waste collected.
 - (d) the local authority area of origin of the waste.
 - (e) the source of the point of collection of waste.
 - (f) the name, address and licence, permit or certificate of registration number of the authorised waste facility to which the consignment of waste will be delivered.
 - (g) the nature of the activity carried on at the authorised waste facility to which waste is delivered (i.e. Treatment, recovery or disposal).
 - (h) the name and waste collection permit number of the permit holder.
 - (i) date of waste collection.

- (j) waste collection vehicle registration number.
 - (k) customer name and address.
 - (l) signature of the vehicle driver.
 - (m) signature of a representative of the authorised waste facility.
- (Refer to Template 2)

4.4 The permit holder shall use a docket system to compile the records as outlined in condition 4.3. An individual docket record shall accompany each waste load on the vehicle that the waste docket refers to until control of the waste is transferred to an authorised facility specified in Appendix B of this permit. The permit holder shall also maintain up-to-date summaries of the information in condition 4.3 in respect of waste collected by the permit holder in each calendar month. The dockets/records must be maintained at the principal place of business for a period not less than 7 years. These records shall be available for inspection at the principal place of business during normal working hours by authorised officers of any relevant local authority and any other person authorised under Section 14 of the Waste Management Acts 1996 to 2010. The permit holder shall comply with the provisions of this condition unless otherwise agreed in writing by Cork County Council.

(Refer to Template 3)

4.5 The permit holder shall, not later than 28th February in each year furnish to Cork County Council in such form as may be specified by Cork County Council an Annual Report (AR) in respect of waste collection activities carried out by the permit holder in the preceding calendar year or part thereof, as the case may be. The AR shall be a summary of the records maintained under Condition 4.4 of the permit. The AR shall contain the following information, in summary form, in respect of waste collected by the permit holder in the preceding calendar year:

- (a) Local Authority area of origin of waste
- (b) source of waste
- (c) European Waste Catalogue (EWC) code for each waste type and indicate whether or not the waste is hazardous.

- (d) description of waste.
- (e) quantity (in tonnes) of each waste type collected.
- (f) destination of waste (authorised facility name and address).
- (g) Waste licence, permit or certificate of registration register reference number of facilities to which waste is delivered.
- (h) Country of destination (if exported abroad for treatment)
- (i) the TFS notification number if the waste is exported abroad.
- (j) The total number of households served with kerbside collection for residual, mixed dry recyclable and organic wastes from which the permit holder collected waste per each local authority functional area.
- (k) the nature of the activity carried on at the authorised waste facility to which waste is delivered (i.e. disposal or recovery).

The information specified above shall be filled in on the AR form which is available on the Cork County Council website at the following Internet address <http://www.corkcoco.ie>

The completed form shall be submitted by the 28th February each year in respect of the preceding calendar year to Cork County Council by hard copy, unless otherwise specified by the Council, to the following address: Waste Section, Environment Department, Cork County Council, Inniscarra, Co. Cork.

The information specified above shall be used to produce community statistics on the generation, recovery and disposal of waste as set out by Regulation (EC) 2150/2002

- 4.6 A copy of all correspondence sent to and received from Cork County Council regarding this waste collection permit shall be kept at the address of the principal place of business for at least 7 years following the date on which the correspondence is sent or received respectively and shall be made available for inspection by any authorised person.
- 4.7 All communications from the permit holder to Cork County Council shall be addressed in writing by the permit holder to the following address: Waste Section, Environment Department, Cork County Council, Inniscarra, Co. Cork unless otherwise specified.

5. CHARGES AND FINANCIAL PROVISIONS.

- 5.1 The permit holder shall defray or contribute towards any costs as may reasonably be incurred by Cork County Council or any relevant local authority as prescribed in articles 14 and 20(3)(d), other than required under article 8 in accordance with the third schedule of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008, and which costs shall not exceed the actual expenditure reasonably incurred by the authority in inspecting, monitoring, auditing, enforcing or otherwise performing any functions in relation to the activity.
- 5.2 The permit holder shall effect and maintain appropriate and adequate policies of insurance insuring him or her as respects any liability on his or her part to pay damages or costs on account of injury to person or property arising from the activities concerned.

6.03.1

The permit holder is permitted to collect municipal bulky waste items for recovery, reuse, recycling or disposal, that are generally too large to be accommodated in a 240 litre wheeled bin. The permit holder shall only collect bulky waste items by previous arrangement with the customer. It is the responsibility of the permit holder to inform the customer about the collection arrangements and unless the permit holder has an alternative written agreement with Cork County Council arrangements must include an instruction for the customer to store the bulky waste items within the curtilage of their premises prior to collection.

6.04 Commerical and Industrial Waste

6.04.1

The permit holder shall, in accordance with this permit and in particular in accordance with the provisions of Condition 2.7 hereof, implement and maintain a separate system for kerbside collection of dry recyclables from commercial and industrial premises. Details of compliance with this requirement shall be submitted to Cork County Council within 1 month from the date hereof.

6.04.2

The permit holder shall ensure that source separated waste shall not be mixed or remixed during collection.

6.04.3

Where a local authority has made bye-laws requiring the separate collection of the biodegradable fraction of municipal waste from commercial and industrial premises, the permit holder shall implement and maintain a separate system for the kerbside collection of biodegradable waste from commercial and industrial premises within the functional area of that local authority. Details of compliance with this requirement shall be notified in writing to the said local authority within 1 month of the adoption of the said bye-laws or in the case of existing bye laws within 1 month from the date hereof.

6.04.4

The permit holder shall provide separate receptacles for packaging waste, which has been segregated in accordance with the Waste Management (Packaging) Regulations, 2007 or as amended, and in accordance with the packing directive 94/62/EC as amended by Directive 2004/12/EC of the European Parliament and of the Council of 11 February 2004.

6.04.5

The permit holder shall not collect packaging waste for disposal from a producer, without first receiving a written declaration as required under article 31(1)(b) of the Waste Management (Packaging) Regulations, 2007 or as amended.

6.05 Construction and Demolition Waste

6.05.1

The permit holder shall not mix or remix source-segregated construction and demolition wastes during collection and transport to ensure compliance with national targets for the recovery, recycling and re-use of construction and demolition wastes.

6.05.2

The permit holder shall, where appropriate, ensure that loads containing dry, fine, materials are properly covered (closed or sheeted) or sprayed prior to transport to prevent nuisance

6.05.3

The permit holder shall ensure that no waste is deposited on the public road during the collection and transportation of the waste.

6.05.4

The permit holder shall not collect soil contaminated with hydrocarbons, hazardous waste or dangerous substances, unless permitted to do so in accordance with Condition 1.3 and as listed in Appendix A.

6.05.5

The permit holder shall ensure that no pollutants or other waste types are allowed to contaminate loads destined for recovery, recycling or reuse. The permit holder shall transfer contaminated loads to authorised facilities where segregation/treatment can be carried out.

6.05.6

The collection of construction and demolition wastes that are hazardous in nature is additionally subject to the conditions specified for hazardous wastes.

6.05.7

The permit holder shall only transfer the control of gypsum wastes to an authorised person for recovery or for disposal in accordance with the Council Decision of 19 December 2002 establishing criteria and procedures for the acceptance of waste at landfills pursuant to Article 16 of and Annex to Directive 1999/31/EC [2003/33/EC].

6.06 End of Life Vehicles

The Permit Holder is not permitted to collect this waste type under the Waste Management Collection Permit Regulations 2007 (as amended)

6.07 Hazardous Waste

6.07.01

The permit holder shall not mix hazardous waste with other hazardous or non-hazardous waste types prior to or during collection and transportation.

6.07.02

The permit holder shall maintain records of all hazardous waste movements and shall comply with the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998), the Council Directive 91/689/EEC with the Waste Management (Transfrontier Shipment of Waste) regulations, 2007(S.I. No. 419 of 2007) and with Council Regulation (EU) No. 1013/2006 of 14th June 2006 on the supervision and control of shipments of waste within, into and out of the European Community. Accordingly, no movement of hazardous waste from point to point within the state should take place without a C1 form being completed. Where waste is to be exported, a transfrontier shipment of waste authorisation should be in place. A movement tracking form should be submitted three days in advance of individual shipments taking place.

6.07.03

A European Waste Catalogue (EWC) code and waste description shall be assigned to each hazardous waste consignment collected, in accordance with the requirements of the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998).

6.07.04

The permit holder shall ensure that all movements of hazardous waste comply with the requirements of the Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).

6.07.05

The permit holder shall ensure that all receptacles used for the collection of hazardous waste are clearly identified as containing hazardous waste. The Permit holder shall also be aware of the labelling requirements for transporting hazardous wastes under the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998), Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).

6.07.06

The permit holder shall include in their emergency response procedure a backup plan (called the rejection procedure) to deal with an event that a hazardous waste load is rejected at an authorised facility listed in Appendix B. Any load of hazardous waste that is rejected shall be treated as an incident and reported as per condition 4.2.

6.07.07

All vehicles used for the collection and transport of hazardous material shall be clean, dry and residue-free prior to commencement of loading of any new consignment of hazardous waste. If vehicles are to be used for the collection of any other waste types, they shall be decontaminated at an appropriate facility prior to use.

6.07.08

Where the permit holder collects waste containing asbestos fibres or dust care must be taken to ensure that the waste is treated and packaged so as to prevent the release of asbestos particles into the environment in accordance with Council Directive 87/217/EEC.

6.07.09

Where a permit holder collects waste containing ozone depleting substances care must be taken to ensure that the waste is collected and stored in accordance with Regulations (EC) No. 2037/2000, as amended by Council Regulations (EC) No.'s 2038/2000, 2039/2000, 1804/2003, Commission Regulation (EC) No. 2077/2004, Commission Regulation (EC) No. 29/2006 and Commission Regulation (EC) No. 1784/2006.

6.07.10

Where a permit holder collects waste containing fluorinated greenhouse gases care must be taken to ensure to that the waste is collected and stored in accordance with Regulation (EC) No. 842/2006.

6.07.11

Where a permit holder collects waste containing persistent organic pollutants care must be taken to ensure that the waste is collected and stored in accordance with Regulation (EC) No 850/2004 of the European Parliament and the Council of 29 April 2004 on persistent organic pollutants and amending Directive 79/117/EEC, as amended by Council Regulation (EC) No. 1195/2006 and Council Regulation (EC) No. 172/2007.

6.08 Household Waste

6.08.1

Where the permit holder collects kerbside waste from domestic premises, the permit holder shall, in accordance with this permit and in particular Condition 2.8 hereof, implement and maintain a separate system for kerbside collection of dry recyclables from domestic premises. Details of compliance with this requirement shall be submitted to Cork County Council prior to commencement of waste collection activities.

6.08.2

Where a local authority has made bye-laws requiring the separate storage, presentation and/or segregation of the biodegradable fraction of municipal waste from domestic premises and where the permit holder collects kerbside waste from domestic premises, the permit holder shall implement and maintain a separate system for the kerbside collection of biodegradable waste from domestic premises within the functional area of that local authority.

6.08.3

The permit holder shall ensure that source separated waste shall not be mixed or remixed during collection and all separately collected fractions be separately collected in its entirety and not mixed or remixed with any other waste fraction, and transferred to an authorised facility as referred to in Condition 2.4 of this permit. Details of compliance with this requirement shall be notified in writing to the said local authority within 1 month of the adoption of the said bye-laws or in the case of existing bye-laws within 1 month from the date hereof.

6.08.4

6.8.4The permit holder shall operate a charging regime, which gives effect to the polluter pays principle and the Cork City and Cork County Waste Management Plans for the Cork Region in the region where the waste collection activities are to take place. This shall be achieved by implementing a 'pay by use' system in order to:

- (a)ensure the lowest possible levels of presentation of waste;
- (b)ensure the optimum segregation of waste presented and collected; and
- (c)maximise waste recycling and recovery.

Full details of the charging regime clearly demonstrating full compliance with this requirement whether a pay by tag, pay by lift, pay by weight or alternative system shall be submitted to the relevant local authority and nominated authority within 1 month of the request of the relevant authority. The relevant local authority for the purposes of this paragraph is the local authority in respect of which applicable bye-laws are in force or, where no applicable bye-laws are in force, Cork County Council as nominated authority. Upon being satisfied that such charging regime gives effect to the polluter pays principle and the relevant Waste Management Plan in the relevant region, this charging regime will be made a condition of this permit.

6.08.5

Where the permit holder collects kerbside waste from domestic premises, The permit holder shall notify Cork County Council and all persons availing of their domestic waste collection service of the frequency of collection and, a minimum of 10 working days in advance of any alternative arrangements made for collection in relation to public holidays etc., or of any proposal to cease or reduce the level of collection.

6.08.6

The permit holder shall provide a segregated collection arrangements for household waste, at a frequency as may be specified by Cork County Council, for different types of recyclable, compostable, or recoverable materials where Cork County Council considers it practicable to do so.

6.08.7

Where the permit holder collects kerbside waste from domestic premises, The permit holder shall implement an education and awareness programme. The programme shall include, unless otherwise agreed with Cork County Council:

- (a) timetable for implementation of the education and awareness programme.
- (b) details of mail-shots and leaflet drops.
- (c) details of newspaper advertisements.
- (d) details of a customer help-line including details of staff training.
- (e) procedures for rejected/contaminated materials.
- (f) any agreed program shall be implemented within three months following the date of agreement.
- (g) the permit holder shall send a copy of all promotional material to the Waste Section, Environment Department, Cork County Council, Inniscarra, Co. Cork.

6.08.8

Any permit holder collecting waste in bags shall ensure that all bags clearly identify the

- (a) name of the waste collection company.
- (b) waste collection permit number.

6.08.9

The permit holder shall ensure that household waste is collected in accordance with the objectives of any relevant Cork City and Cork County Waste Management Plans for the Cork Region

6.09 Incineration Waste

The Permit Holder is not permitted to collect this waste type under the Waste Management Collection Permit Regulations 2007 (as amended)

6.10 Sludges and Septic Tank Waste

6.10.1

Sludges, including septic tank sludge and sludges whose recovery is exempt from the requirement to hold a waste licence under Section 39 of the Waste Management Act, 1996 to 2010 by virtue of Section 51(2)(a) of the Act, shall only be spread on landbanks with a nutrient management plan approved by the local authority that has administrative authority in respect of the lands on which it is to be spread. The Permit Holder shall ensure that the spreading of sludges on landbanks is carried out in accordance with current guidelines, codes of practice and relevant legislation including the European Communities (Good Agricultural Practice for Protection of Waters) Regulations, 2006 (S.I. 378 of 2006). Septic tank sludge may alternatively be deposited at an authorised facility. For the purpose of this condition a landbank covers lands used for spreading or treating waste with a consequential benefit for an agricultural activity or ecological system.

6.10.2

The permit holder shall ensure where wastes collected originate from an Integrated Pollution Prevention and Control (IPPC) licensed facility, that the waste shall be transported to authorised facilities which are either:

(a) governed in accordance with the Conditions of the IPPC licence and where written agreement has been received from the Environmental Protection Agency, or

(b) operated in accordance with a Nutrient Management Plan as approved in writing by the relevant Local Authority under Section 66 of the Waste Management Act 1996-2010 and the Good Agricultural Practice for protection of waters regulations, 2009 (S.I. No. 101 of 2009).

6.10.3

The permit holder shall be familiar with the requirements placed on holders of waste arising from bye-laws made by any of the local authorities listed in Appendix D under Section 21 of the Local Government (Water Pollution) Act, 1990 and shall keep a copy of all such bye-laws at the address of the principal

place of business. The permit holder shall not spread waste on lands unless it is in accordance with the requirements of the bye-laws in force in the local authority area concerned.

6.10.4

Within 1 month of the date of grant of this permit, the Permit Holder shall register on Cork County Council's Sewage Sludge Register System. The Permit Holder shall record specific details of each consignment of sewage sludge (as defined under the Waste Management (Use of Sewage Sludge in Agriculture) Regulations 1998 as amended) which he/she/it transports within Co. Cork and shall input these details into Cork County Council's central electronic database via the internet on a monthly basis unless otherwise agreed in writing with Cork County Council.

6.11 Waste Electrical and Electronic Equipment

6.11.1

The permit holder shall ensure that Waste Electrical and Electronic Equipment (WEEE) is collected, treated and recycled in accordance with the WEEE Directive 2002/96 EC as amended by Directive 2003/108 EC.

6.11.2

WEEE shall only be collected, handled, transported and stored in a manner so as to avoid damage that would prevent equipment or components from being reused, recycled or recovered. The permit holder shall transport fluorescent tubes in suitable containers to prevent damage in transit.

6.11.3

WEEE shall only be transported to a designated civic amenity site, collection point or authorised facility in accordance with condition 2.3.

6.11.4

Where WEEE collected by the permit holder is of a hazardous nature as defined in the European Waste Catalogue (EWC), the permit holder shall adhere to the special conditions relating to collection of hazardous waste.

6.11.5

The permit holder shall not crush hazardous WEEE or remove hazardous substances and components prior to treatment and de-pollution.

6.12 Waste Oils

The Permit Holder is not permitted to collect this waste type under the Waste Management Collection Permit Regulations 2007 (as amended)

6.13 Waste Tyres

The Permit Holder is not permitted to collect this waste type under the Waste Management Collection Permit Regulations 2007 (as amended)

6.14 Food Waste

6.14.1

The Permit Holder shall ensure that food waste is collected, treated and recycled in accordance with the Waste Management (Food Waste) Regulations S.I. No. 508 of 2009.
